Senior Campaign Finance Analyst  
Reports Analysis Division  
Federal Election Commission  
Washington, DC 20463

**RE: Anna Eshoo for Congress**

Dear Mr. Wyrick:

I serve as treasurer to the above-mentioned committee. I am in receipt of your letter dated May 13, 2008. This letter with its attachments, along with the amendment to the campaign report, will serve as our response.

The legal and accounting firm that prepares the campaign reports recently obtained new reporting software. In the transfer of data from the old software to the new, duplicate contributor entries were inadvertently created. The duplicate entries have been removed, and going forward the issue should not arise again. The removal of the computer-generated duplicate entries will prevent reporting of contributions from one entity in multiple records. This will prevent any further inadvertent acceptance of contributions without proper reattribution or redesignation and correct any "Election Cycle-to-Date" errors.

Attached please find a copy of the refund check from the committee as requested. The amended campaign report shows the obligation to make this refund on Line 10 of the Summary and on Schedule D.

Please feel free to contact me if you have any further questions.

Very truly yours,

CHRISTOPHER REAM
